## OB ward

the option whether he accepts patients and where he works. Both Dr. Barhouse and Hutton can work out of two hospitals that I know of — here and Pahokee. It is much more convenient for them to work out of Everglades Memorial. If they chose to use ours, we would be delighted."

"Whether Dr. Hutton or Dr. Barhouse work out of Glades General or not is not up to the administrator of Everglades Memorial," said Steinberger. "If he has a problem, I suggest he talk to the doctors."

Glades General will be opening a pediatrics clinic Feb. 1, and two obstetricians, Harold Pitts from Macon, Georgia and Guy Issadore from New York City, are expected to arrive within the next few weeks to operate out of the OB ward at Glades General.

"It takes time for an obstetrician to develop a practice," said Lennon. "But as regards any walk-ins, I'll be glad to take care of it."

Walk-ins are defined as any maternity patient without pre-natal care records.

Members of the Everglades Memorial board Monday said Glades General is legally obligated to treat charity cases under the Hill-Burton Act.

The Hill-Burton Act provides federal funds to hospitals. In return, the hospital must provide a given amount of free services to charity cases.

According to Lennon, Glades General filled its obligation within one-and-a-half months after the start of the fiscal year in October, and is no longer obligated to provide any more such services this year.

Lennon also denied that Glades General has a policy of sending its patients to Everglades

General in an ambulance, as charged by Steinberger.

"If someone would tell me their names, I will check it out," said Lennon.

Barhouse, who has privileges at both hospitals and is chief of the obstetrics ward at Glades General, functions out of the Pahokee ward.

Hutton replied that working out of two wards could be dangerous.

"We could end up with a mother in labor in Belle Glade and one up here," he said. "And you can't get to the one. That is dangerous. You could end up with two hemorrhaging patients and someone could die."

"We (he and Barhouse) are trying to provide 24 hour service to the area," he said. "Which means one of us must be available at all times."

He said the problems being experienced by Pahokee's Everglades Memorial will subside when the sugar cane milling season ends and the migrant population ends.

"The peak number of deliveries occur this time of year," he said. "I'm looking forward to March and April because that's when the lowest number occur. It'll look like we're loafing then. When this situation occurs, we all must pull together and get over it."

"When a temporary space overload occurs, you have a difficult time," Hutton continued. "We

always provided very good service to the area, particularly good service for a rural region. It's better to be overloaded in one space than to have more space in two areas."

According to Hutton, his situation would not be alleviated by a fully-operating OB ward at Glades General.

"It would have some effect, not a great deal," he said. "It's not an overriding factor."

private patients.

Dr. Valiant has been a leader in efforts to improve the treatment of younger people socially as well as medically. Her concerns with efforts of the youth led to the opening of the Clewiston Children's Hospital in April of 1978.

In July of 1980, doctors Haque and Khanna joined her in partnership which led to one of the most outstanding medical associations in South Florida.

Dr. Valiant is a graduate of Duke University School of Medicine in Pediatrics. She has served as Chief of Pediatrics at the Lincoln Health Center in Durham, N.C., Assistant Professor of Clinical Pediatrics at Duke University and is currently Director of the Migrant Health Project in Belle Glade.

According to Dr. Haque, approximately 50 percent of the children seen at the Clewiston Medical Center are from Palm Beach County.

Dr. Valiant said that Belle Glade, South Bay and Pahokee patients have been very supportive of the association by driving to Clewiston and the association is glad to be able to give pediatric service to the community by coming to Belle Glade.

Letters notifying patients of the Belle Glade office where sent out to all of the association's patients living in the Belle Glade area. Dr. Valiant said that most of them have already acknowledged that they wish to have their records transferred to the Belle Glade office.

Dr. Haque, M.D., graduated from Dow Medical College in Karachi,

Pakistan. He completed his internship at Jackson Memorial Hospital in Miami.

He is a specialist in Pediatric Allergy.

Dr. Khanna, M.D., graduated from Madras Medical College in Madras, India. He completed his internship at Montreal Children's Hospital in Montreal, Canada.

Dr. Khanna was the 1977-78 recipient of the Physicians Recognition Award presented by the American Medical Association. He is an instructor in Pediatrics at the University of Massachusetts Medical Center. Dr. Khanna's experience with his own two children also gives him added insight into the problems of his patients.

According to Dr. Valiant, the Pediatric Association is concerned with the growth and development of children and their main objective is to keep them in good physical, mental, and social health as they mature.

In the Children Clinic they are called on to treat a wide variety of children injuries and illnesses.

Dr. Haque said that as their patients grow older, they find themselves called upon more and more to treat emotional problems. Sometimes they may refer the patient to a psychiatrist. In many cases, the pediatrician can handle such minor problems as sleeping difficulties and misbehavior at school, through informal sessions.

Anyone interested in making an appointment with the association may call 996-8260.

## Best for the Glades

We like the reapportionment plan proposed by State Senator Dempsey Barron, which would give the Glades its own senator.

Currently, Glades residents are represented by senators from the west coast and from the east coast.

When discussion became serious about reapportionment last year, there was some thought given to dividing the Glades area between the east and the west coasts.

Under Barron's plan, all of Hendry County would be lumped with western Palm Beach County to produce Senate District 28, an area sharing many of the same economic interests and problems.

It makes sense to have the Glades area represented by a senator elected from the Glades,

rather than from the west or the east coast.

With the current district, a huge area stretching from Lee County in the west to Palm Beach, Martin, St. Lucie, and Indian River Counties in the east, there is little likelihood that a senator would ever be elected from the Glades.

It is no secret that the more heavily populated coastal areas historically dominate the senate.

And while the old system did produce some great friends of the Glades and agriculture — former Senator Phil Lewis for example — there is no guarantee that this would always be the case.

Under Barron's proposal, the Glades would elect a senator who would be accountable only to the people of this area. This makes good political sense to us.

## One language...

State Rep. Robert S. Melby of St. Petersburg is drafting a bill that he says would make English the official language in Florida and would prohibit local governments from using Spanish in any official capacity.

Hispanic organizations in Miami have already attacked the proposed bill as discriminatory.

Despite the objections of some Miami groups who have a vested interest in perpetuating a bilingual society, we believe that the time may have come for a bill such as Melby's.

The argument that Miami should be a bilingual city because of its emerging status as a financial center for Latin America is invalid.

Miami is first and foremost an American city, not a Latin American one.

As an American city, Miami is fully integrated

into the mainstream of the American way of life and the people who live there should be fluent in English.

We think that it is commendable that Americans learn a second or third language. But this should be at their own discretion.

Certainly, anyone who learns a second language can expect to reap advantages throughout life because of his linguistic ability.

This notwithstanding, however, it is important to retain English as the one thing which unites the diverse people living in this country.

While we don't necessarily like the idea of a bill proclaiming English as the official language, we dislike even more a proposal which could be the start of a multi-lingual society.

20 YEARS AGO  
 BELLE GLADE HERALD  
 JANUARY 18, 1962

Members of the Southwestern and Northwestern Hospital Boards met jointly to commence work on the details of the proposed consolidation of the two hospital districts and the building of a single modern hospital to serve the entire area.

The two main issues discussed at the meeting concerned the location of the new facility and the representation on an overall governing board.

The boards agreed on a site halfway between Belle Glade and Pahokee and a board made up of 14 members.

Belle Glade officials were using Lake Okechobee's low level to search for a more suitable place for the city's raw water intake.

The city engineer said the search was for a place where tides and moving water would provide less foreign content and color.

Verbal fistcuffs and pounding of Hizzzone's gavel threatened the decorum of the Belle Glade City Commission's meeting when peddlers wordily slugged out their opposition to newly adopted city ordinance 826, which limited food peddlers' activities to the city's loading zone.

"If we can't go from door to door, you've taken away our livelihood," said a fish peddler, who came to the commission meeting armed with a copy of the Constitution. The commissioners didn't rescind the ordinance.

Street signs were in the offering for a number of city streets, according to a city announcement, to allow for home delivery of mail. The signs were being installed at the request of Belle Glade Postmaster George Farnall.

A parade of at least 100 mounted cowpunchers was expected to highlight the Eighth Annual Southeast Florida Cattle Show which was to be held at the Everglades Experiment Station.

The parade of cowhands of all ages was to include entries from all around the lake, with cash prizes awarded for the "best all around" mount and cowboy dress.

A story out of Jacksonville said state WPA Administrator Wilbur E. Harkness authorized \$25,222 to complete construction of a farmers'

market at Pahokee.

The funds would enable the WPA to finish construction work on marketing sheds and plorm. J.A. Dulaney, marketing manager, said he expected work to be resumed shortly on the state market building which had been approved in 1938.

Recently adopted ordinances in Belle Glade, which covered law violations during blackouts, were used by Mayor A.E. Kirchner to punish a man, who was charged with being intoxicated and striking matches during a blackout. The man had been arrested by city officials when he refused to stop striking matches during a 30-minute blackout. In Mayor's Court, Kirchner gave the young man a serious lecture on the rules and regulations of blackouts and fined him \$25 and costs or 60 days on city public works.

A Red Cross knitting room was opened in the old lunch room at the Canal Point school, according to an announcement by Mrs. F.M. Wilson, who was in charge.

30 YEARS AGO  
 EVERGLADES NEWS  
 JANUARY 22, 1952

A daily average of more than 2,000 tons of cane was being shipped from the Canal Point division of the United States Sugar Corporation to the mill at Clewiston, furnishing two-thirds of the 3,500 tons per day capacity of the mill.

The split had been 50-50 the previous year and the increase in proportion indicated the shift in production to the Canal Point division of the company.

Negotiations were reported underway between U.S. Sugar and the Brown Company of Portland, Maine, relating to the Brown Company's large acreage in the middle Glades. The unconfirmed reports concerned the sale of the "peanut farm."

Good indications were reported that the state was planning to build a "first class road" between Indiantown and Port Mayaca, a move which would provide a direct route between Lake Okechobee and Stuart. Indications were that the road would be built further away from the St. Lucie Canal, than the existing road, to avoid washouts.

"Ben Hur", one of the greatest of all silent films, was scheduled to play at the Prince Theatre as a talking picture. As a sound picture, it was the most lavish of productions to come out of Hollywood at that time. It was two years in the making and cost more than \$4 million.

The Arundel Corporation dredge completed work on cutting a canal from Miami locks to Ritta Island for the use of growers on the island, who had been handicapped in getting their produce to market.

## Girls sports

We were standing around the other night, waiting for the Clewiston-Glades Central basketball game to begin.

The game never started. Glades Central didn't show up.

It was a shame because there was a decent crowd for a change. They waited for an hour before going back to collect their money and drive home in the cold.

The crowd wouldn't have been exceptional for a boys game, but for a girls game, it was very good. Earlier in the year, there was a girls game that attracted about four spectators.

Lack of attendance at girls games is a problem on the coast as well as in the Glades. I've seen tournaments in Fort Myers and district playoff games in the Glades that attracted almost no spectators.

On the local level, it seems that girls sports have little spectator appeal, and I'm not quite sure why this is.

In this area, girls at various schools compete in track and field, softball, basketball, cross country, volleyball, golf and tennis.

None of them have the appeal of football of course — truthfully, no other boys sport has as much appeal as football either, though basketball at times draws some very good crowds.

And I've seen boys baseball games being played with only the players' parents in attendance, while nearby a T-ball game was going on with a huge crowd wildly cheering every play.

The federal law, Title IX, which requires that girls be given the opportunity to participate in sports, has been vilified by some, who say that girls programs are a drain on more profitable boys sports.

Personally, I am glad to see girls being given the opportunity to participate in organized sports, rather than being relegated completely to a spectator role.

To me, a good girls 100 yard dash is just as exciting as a good boys 100 yard dash. You might be surprised at how many boys a top female sprinter can beat.

Frequently, boys and girls run together in the two mile run at track and field meets. Though I've never seen a girl come close to winning one of these races, I have seen some of the best girl runners lap some of the boy runners.

Only the very best boy athletes can assume they can outrun any girl.

Though girls in the Glades have had an opportunity to compete in some sports at least since the 1930s — in basketball for instance — girls participation in sports still seems to be somewhat of a gray area.

I cannot recall one example (though there may be some) of a boy athlete who was a state champion failing to come out for the sport in his final year of eligibility. Colleges are attracted to state champions and frequently award them athletic scholarships.

I do know of two girl athletes, however, one of whom was a state hurdles champion and the other who was one of the finest sprinters and long jumpers in the state, who simply hung up their cleats despite having a year or more eligibility left.

Most of us lack the talent to become a state champion in anything, and I would be the last to recommend that someone major in sports as a way to success (studying books is a more reliable avenue).

But there are a few, such as Chris Everette, Lloyd or Nancy Lopez who reach the pinnacle and achieve mass adulation and following.

There is no question that crowds are about equal for the top professional mens and womens tennis events. Until a few years ago, however, womens professional golf had some serious sponsorship problems.

Though womens sports in this country are probably just now moving out of their infancy, there seems little question that they are here to stay.

Crowds are likely to remain sparse for some sports, such as cross country, because it is not a sport which can be easily viewed.

But crowds for other sports, such as tennis or basketball can be expected to grow.

## Hatton-Anderson exchange wedding vows

**PAHOKEE**—Lisa Dianne Hatton and Russell Mark Anderson were united in marriage Dec. 12 at the First Methodist Church in Pahokee with the Rev. Daniel Coleman performing the double ring ceremony.

The bride is the daughter of Dr. and Mrs. R.L. Hatton of Pahokee. The groom is the son of Mr. and Mrs. Russell Otto Anderson of Palm Beach.

The church was decorated in colors of cranberry and pink. Arca and lady palms banked the choir loft and front alcoves.

The communion table held a large bouquet of Vicia roses and babies breath caught underneath by swags of red and pink satin ribbon.

The couple exchanged vows before an arc of candelabra. Reserved pews were marked by brass candle stands holding bouquets of roses, pink mini-carnations and babies breath caught underneath by swags of red and pink satin ribbon.

Karen Corbin, organist, played a program of nuptial music including the traditional wedding march.

Lori Stevens, soloist, sang The Wedding Song and Flesch of My Flesh. At the close of the ceremony Mrs. Stevens sang The Lord's Prayer. Communion was served to the bride and groom as they knelt on a prayer bench.

The bride, given in marriage by her father, wore a formal gown of candlelight silk chiffon and Venice lace, fashioned with Victorian neckline, long tapered sleeves with ruffled bodice and full flowing crystal pleated overlay skirt falling to a lace bordered cathedral length train.

Her gown was enhanced with lace appliques on the skirt with seed pearls on the sleeves and scattered over the dress. Her veil was a Mantilla of English lace secured by a Juliet cap and fell in two tiers with lace border to waist length.

The brides bouquet was a cascade of Vicia roses, pink mini stephanotis and datura foliage with streamers of white satin pequot ribbon.

Lori Stevens, sister of the bride, was Matron of honor. Bridesmaids were Lois Crews, Becky Treadway, Suzanne Buckner, Patty McTammany, Karen Hatton, and Sharon Klechner.

They each wore identical dresses of cranberry tulle featuring a sheer yoke and long sleeves ruffled at the wrists. The attendants carried Edwardian style bouquets of red roses, pink minis and babies breath backed with lace and pink ribbon streamers.

Julie Hatton, cousin of the bride, was flower girl. Her dress was an off white Victorian style. She threw rose petals from a pink decorated fireside basket.

Rob Hatton, cousin of the bride, was ring bearer. He carried a white satin pillow.

Steven Anderson served his brother as best man. Groomsmen were Dennis Caldwell,

Bobby Marks, Chris Roth, Lusk Johnson, Byron Hatton, brother of the bride, and Jerry Bell.

Ushers were Brian Sexton and Michael Saxon. The men all wore black formal attire. Their boutonnieres were red roses.

Mrs. Hatton, mother of the bride, chose a printed chiffon formal gown in shades of cranberry, mauve and pink. Her purse corsage was a pink cymbidium orchid.

Mrs. Anderson, the groom's mother, wore a

floor length pink taffeta skirt with an ivory silk blouse. She wore a pink cymbidium orchid at the waist.

Mr. and Mrs. B.W. Ruethain of Little Rock, Ark., maternal grandparents of the bride and Mrs. Edmee

Nagle, grandmother of the groom of Lake Worth also attended.

Kelly Buckner and Melinda Hatton kept the guest book.

Immediately following the ceremony, Dr. and Mrs. Hatton invited guests to a buffet reception at their home. The bride's formal wedding portrait was displayed in the foyer above a staircase swagged in pink and gold ribbon holding bouquets of cedar.

An eight foot white crystal Christmas tree decorated in shades of pink was the focal point of the living room. The centerpiece on the brides' table was a four branch silver candelabra holding an epergne arrangement of roses, pink minis and

cedar. Guests were served portions of a five tiered wedding cake and groom's cake.

Following a honeymoon trip to the West Coast the couple is residing in West Palm

# Tippy the Clown performs

It was fun, fun and more fun for more than 100 kids and their parents who attended the premiere showing of "Tippy the Clown" at the Belle Glade Municipal Library Saturday.

Tippy The Clown is actually Julius Baumann, a Mathematics instructor at Glades Central Community School. A professional clown

for five years, Baumann said he began his career as a clown with Clyde Beatty and Cole Brothers Circus. "I always wanted to be a clown but my ambitions to become one were delayed until I graduated from the University of Delaware," said Baumann.

During his first year as an apprentice, Baumann said he performed in a different city each night.

After three years with Clyde Beatty and Cole Brothers Circus, Baumann said he

decided to put his own act together and do a one man show.

His shows took him to more than 46 states from California to Pittsburgh. He entertained school children, performed at private parties and to anyone who wanted a clown act.

In 1961, he met his wife, Sherry in Pittsburgh. "Sherry traveled with me until Catherine was born," he said.

"It was too tough trying to perform clown work, feed my family and raise our daughter from a trunk," Baumann said.

When he learned there was an opening at Glades Central for a Math instructor he left Pittsburgh for Florida.

In addition to his teaching duties at Glades Central, he also is the girls soccer team coach and a waiter at the Holiday Inn. When Tippy made his appearance at the library Saturday he appeared at Baumann in the center stage and transformed into Tippy with his make-up and costume as the kids watched with amazement.

During the show, Tippy performed a number juggling acts, and many funny antics. Baumann's closing act was a tribute to Emmet Kelly, one of America's most famous clowns, who died several years ago. Baumann said Em-

met Kelly made the sad clown one of America's most loved clowns.

Baumann said his professional clown service is available for private parties and public affairs and anyone who would like to have him perform can write him at 800 S.W. 16th St., Lot 9, Belle Glade, or call him at the Glades Central Annex Campus.

## Man charged in burglary

BELLE GLADE -- Police Saturday, January 16, arrested a man and charged him with burglary.

According to Detective John Carney, Henry Horton, 24, of 233 SW Avenue B, Apt. three, was arrested and placed in jail under \$1,000 bond after he was discovered with merchandise from

the Hawaiian Fashions shortly after an alarm sounded at the store. Horton was carrying a pair of pants from the store at about midnight.

He was taken to the station by Patrolman John Runkles and confessed to the burglary. A search of the store revealed no accomplices, according to Carney.

## Glades Day opens 3-3

By JEFF BROWN

**BELLE GLADE** - The Glades Day Gators Girls Basketball team started their season with a 3-3 record, losing two routs and winning two.

They started their season at Moore Haven January 5 in a brutal 41-24 loss, but rebounded two nights later with a 62-19 victory over Palm Vista.

The next day, Christian Day hosted the Gators in a tightly fought contest, but the Gators went home empty in a disappointing 45-43 loss.

Jupiter Christian lost to the Gators Jan. 12 and ended up on the losing end of a 41-35 Glades Day victory.

January 14, Palm Vista once again suffered the wrath of the Lady Gators when they lost to Glades Day 38-29.

Coach Mandy Perez called Lake Worth Christian a "team the Gators lost to 43-21 Jan. 15 - the team to beat."

Perez is taking over the reins of the team for the first time this year, and he seems anxious to right what he views as previous wrongs, including four straight years without a victory against Belle Glade Christian.

"I'm not going to be democratic about it," he smiled.

The 45-43 loss to Belle Glade Christian Jan. 8 was the closest the Gators ever got to beating the Crusaders, said Perez.

"We're definitely looking forward to the return match," he said. "We have never beaten Belle Glade Christian in girls basketball. The two point loss is the closest we've gotten in four years. I think we definitely have a better basketball team than them."

Eleven girls hoping for a first ever win against Christian Day Jan. 26 include:

Forward Kelly Teets, averaging 10.5 points per game.

Guard Angie Adams, averaging 10.1.

Center Mel Swager, averaging 4.6.

Forward Laurelee Green, averaging 4.5.

Guard Judi Austin, averaging 3.1.

Other members include center Jamie Wills, guards Tammy Scruggs and Paige Lohmann, and forwards Janet Warren, Linda Lakatos and Michelle Olden.

This week, the team plays King's Academy and LaBelle.

Perez termed last week's loss to Lake Worth Christian the "worst we've played."

"Our passing was terrible. It was just pitiful," he said. "We were out rebounded, out jumped. Very poor defense."

**GLADES DAY(31)** - Teets 3 0-0 6, Adams 2 1-3 5, Green 1 0-0 2, Austin 1 0-2 2, Swager 2 0-0 4, Lakatos 1 0-0 2, Teets 1 0-2 1.

# Gators win two; record 7-1

By JEFF BROWN

**BELLE GLADE** - Despite a 23 point, 24 rebound game by John Carroll's Pete Bragnum, the Glades Day Gators basketball team came out on top of last Saturday's game, upping their record to 7-1.

Earlier in the week, the Gators had beaten Lake Worth Christian. "He just had a good night," said Gator Coach Richard Schmidt. "He was on."

Although not reaching the figures Bragnum did, several Gators put in solid performances in the Gators' 73-62 victory, including David Lakatos who scored 21 points and picked up 13 rebounds. Lakatos is averaging 15.1 points per game to lead the team.

Scott Meredith scored 13 points, followed by Richard Schiele who picked up 12. Raul Garcia, with 11

points, was the only other player to hit double figures.

Oscar Toledo picked up 12 rebounds to go along with his eight points. Andy Fontaine hit for five points and Jorge Rodriguez scored two.

Frank Thompson scored one point. Earlier in the week, the Gators had beaten Lake Worth Christian 58-36.

Scott Meredith, who's been averaging 14.6 points per game, scored 20, followed by Richard Schiele who added 14 rebounds to his 13 points. Schiele has been averaging 12.6 points per game.

The only other Gator to hit double figures was Lakatos who scored 10. Garcia and Rodriguez each had six point games, Rodriguez also picking up 11 rebounds. Toledo and E.J. Miller scored one and two points respectively.

"I'm satisfied with the way we're playing right now," said Schmidt. "Just little mental things we have work on. The timing is starting to come together. We try to get just get as much balance as we can. We played one of our best overall team games the other night."

This week, the Gators host King's Academy and Pope John Paul. King's Academy plays in town Jan. 19. John Paul plays Jan. 21. The varsity games begin at 8 p.m. The Junior Varsity starts at 6:30 p.m.

# Crusader comeback falls short

**BELLE GLADE** - The Belle Glade Christian Crusaders found themselves behind 96-18 at King's Academy Tuesday, Jan. 12.

Since King's is fourth ranked among Class 1A teams in the state, the Crusaders could easily have been inclined to roll over and accept defeat.

Instead, the Crusaders attempted to turn things around and comeback, only to fall short and lose, 96-46.

The Crusaders, down 8-13 at the end of the first period, lost the game in the second when they were outscored 10-23.

It was a pretty even first quarter," said Crusader Coach

Woody Salvatore. "In the second period we just blew up."

Down 36-18 at the half, the Crusaders came back and outscored their opponents in each of the last two periods.

Under the leadership of Alex Morales, who put in a 21 point performance, and Scott Hudson, who gathered 14 rebounds, the Crusaders closed the gap to 31-48 by the end of the third.

Their backs still against the wall at the start of the fourth, the Crusaders outscored their opponents 15 to 11 before the final buzzer sounded.

Luis Garcia was the Crusaders' second leading scorer in the game

behind Morales with seven points. He also picked up 11 rebounds, second to Hudson's 14.

Hudson and Cary McKee each scored six points. McKee picked up five rebounds.

Tavi Garcia scored four points and gathered four rebounds, and Roly Ramos scored two points. Morales picked up one rebound to go along with his team leading 21 points.

According to Salvatore, the team, averaging 44 percent from the floor, averaged only 28 percent early in the game. Despite a 21 point performance, Morales only averaged 45 percent.

King's Academy is still undefeated.

This week, the Crusaders go to 2A

power Clewiston before coming home to play Beron Friday night and Pahokee Saturday night.

## Senior Center offers a variety of services

By ALMA HENRY

**BELLE GLADE** -- Wanted Senior Citizens. The Division of Senior Services is looking for senior citizens who would like to spend a day among their peers, chatting, playing games, participating in arts and crafts projects, learning to read and write, need chore services and want a good hot meal.

The Division of Senior Services located at 1525 N.W. Ave. 1, seeks to cater to the Glades Senior citizens needs.

Keith Babb, West Area Supervisor said the Division of Senior Services is a merging of the former Division of Aging and the Nutrition Program and provides multipurpose senior centers in Belle Glade, Lake Worth and Palm Beach Gardens.

Recipients of services must be 60 years of age or older. Services provided includes nutrition, shopping assistance, telephone reassurance, chore, respite, homemaker, mini-day care, transportation, counseling, recreation, education, outreach and medical alert.

Babb said the Division places priorities on serving those senior citizens with the greatest needs such as:

Clients on waiting list for nursing homes.

Deinstitutionalized clients from psychiatric hospitals and nursing home.

Clients functionally impaired and living alone or with non-relatives.

Clients who face placement in a more restrictive environment because of unmet needs or needs that are too many to be supplied by a caretaker.

Clients who are functionally impaired and not receiving adequate help from family, friends, or any agency.

Functionally impaired clients who caregiver need time away from them.

Babb said senior citizens that would like to attend the center may still receive transportation to the center. Babb said a lot of the clients are under the impression that since Operation Concern, Inc. is no longer in operation, that transportation to the center is no longer available.

Babb said that effective Jan. 1, Palm Beach County, through the Division of Senior Services, has been contracted to provide transportation for seniors age 60 and older to social services, shopping, medical and nutrition sites.

"Because of the limited number of vehicles, Babb said, priorities will be placed on transporting those seniors who attend the various nutrition sites, located throughout the Glades area."

Transportation will be provided five days per week, Monday through Friday between the hours of 9 a.m. to 4 p.m.

Babb said persons needing information regarding routes and schedules, can call the senior citizens center.

Among the many services offered to the seniors is Chore Services.

Babb said Chore Service is the performance of house and yard tasks includes such jobs as seasonal cleaning, essential errands, yard work, lifting and moving, simple household repairs not requiring special tools or materials, for eligible persons who are unable to do these tasks for themselves because of frailty or other disabling conditions.

The Homemaker Service is the accomplishment of specific home management duties performed by a trained homemaker under the supervision of a professional. Babb said its primary function is to help older individual remain in their own home when a health or social problem occurs, or help individuals to return to the community after specialized care in a nursing home or hospital.

The Respite Care is a demand-response service to provide supervision, companionship and or personal care.

The recreation program is administered at the center with planned events such as games, sports, arts and crafts and occasionally trips to the theater and other leisure time activities are schedule, according to Babb.

The senior are also provided with a medical alert service. The service monitors the safety of individuals in their own homes and will alert and dispatch properly qualified assistance to the client in need.

Babb said as a result of mandated federal budgets cuts, the Division of Senior Services accepts tax deductible contributions. "The contributions collected by the program enables the Division to increase the amount of services it provides each day, and the contributions may enable someone else to benefit from the services offered by the Division.

If you would like to make a contribution, Babb said, you can call one of the agency's social workers at 996-1771.

In addition to contributions the center also needs volunteers. The volunteers will assist at the Senior center and congregate meals sites.

Volunteers also assist with telephone assurance, companionship, and in the planning and implementation of supportive services at the center.

"The Division of Senior Services is operating, to serve and the public have any suggestions on how might improve our services or know of persons needing our services please feel free to call us," said Babb.

"The Division of Senior Services will continue to reach out into the community in order to educate, inform, identify, contact and recruit the needy elderly in our service areas," said Babb.

A friendly game of bingo is a favorite among the many senior citizens that attend the center. Keith Babb, area supervisor, looks on at the ladies place their chips on the right number.

Mrs. Effie McNair, Center Manager, instructs, Maynor Tanner, right and Gary and vegetables were asked to name five fruits. Odums, left, in Nutrition Education. The students were asked to name five fruits and were told the importance of these two foods.

The Senior Citizens Center has a variety of activities for the elderly to participate in. Sam Brown, who is blind, has learn to make a yarn dog during the arts and crafts learning period at the center.

Senior Citizens at the Senior Citizens Center in Belle Glade enjoy a game of cards daily at the center. Charles Pitts and Ernest Pines, play the game. Melvin Ong, Willie Pratt, checkers.

# Gospel clowns visit

**PAHOKEE--** The gospel clown team of Mopsy and Derby will be at the Church of God of Pahoek for a Children's Crusade Sunday, Jan. 24, at 10 a.m. and 7 p.m. for the childrens church services.

Mopsy and Derby are actually Mr. and Mrs. Ralph Hudson of Wyandotte, Mich., who have been gospel

clowns for the past seven years. The Hudsons combine a Christ centered message with puppets, filmstrips, magic and fun that will keep the interest of all ages.

There will be singing, a funband, Bible stories and participation as the children learn to work the Hudsons' many puppets.

Mrs. Hudson first assumed the guise of a clown as a result of

"just wanting to be a clown in a parade." Mrs. Hudson, a retired factory worker, appears in a bear suit completely with a derby hat.

Their full-time ministry has taken them into many states and church demonstrations.

The Crusade is open to all children and their parents and there is no charge.

## Arbor Day services held

Pahokee Elementary School celebrated Arbor Day, Jan. 15th, with a special program and tree planting ceremony, according to Principal Harris M. Blumberg.

More than 650 students attended the program which included selected readings

and singings of Kindergarten, 1st, 2nd, 3rd and 4th grade students.

While a portion of the program was given to the history of Arbor Day, the importance of trees to all people was stressed. Those in attendance learned that forests are a unique and renewable resource

and are vital to the protection of the water supply, and for providing abundant raw material to industry. Trees have aesthetic values otherwise unduplicated, and the forest affords shelter and food for wildlife. Thousands of useful products come directly or indirectly from Florida forests.

Pahokee Elementary School held a special program in recognition of Arbor Day, Friday, Jan. 15. The students participated in a special assembly program and planted several trees donated by the Division of Forestry.
